

# Statement of Capability

*With over 30 years of dedicated involvement in mining, resources, international and Indigenous affairs, I bring unparalleled experience and a deep commitment to delivering unique and impactful outcomes.*

## Here's an overview of my key offerings:

### **Strategic Advisory in Indigenous and International**

**Affairs:** Drawing on 30 years of experience across Australia, Africa, and the Pacific, I provide comprehensive insights and tailored advocacy solutions. My expertise includes crafting and delivering strategic communications, stakeholder engagement frameworks, and action plans, alongside workshop facilitation to help clients shape impactful narratives. I also lead and support environmental and social approvals. I have been delivering Indigenous Cultural Connection and Competency courses since 2000.

As a foundation client, I am supporting Woodside Energy's First Nations team in developing a strategic communications plan and tactical implementation, in addition to providing strategic advisory guidance on a range of issues from their Reconciliation Action Plan to supporting the development of their global First Nations strategy.

**Executive Coaching and Mentoring:** I offer leadership coaching and mentoring with a focus on Indigenous and international cultural issues. As a Fellow of the Institute of Managers and Leaders and with extensive professional experience, I equip leaders to excel and be effective in diverse environments.

**Mediation and Dispute Resolution:** I am a nationally accredited mediator providing services for employers, the Native Title sector, and specialised areas, promoting positive outcomes and resolution. My recent appointment to the Queensland Land Court's Assisted Dispute Resolution (ADR) panel and national accreditation by the Resolution Institute reflect my commitment to effective dispute management.

**Creative Engagements:** My passion for storytelling, photography, writing, and voice-over artistry enhances my professional services, adding depth and creativity to my training and solutions.

**Public Speaking and Presentations:** I am an accomplished public speaker, presenter, and panelist. I recently presented on Indigenous Engagement in Renewables at the 2024 Solar and Storage Conference and the 2024 annual AIATSIS Summit in Melbourne in June 2024.

**About New Moon (Aketi Meb) Consulting:** New Moon (Aketi Meb) Consulting finds its origins deeply rooted in the cultural heritage of the Meriam people of Mer (Murray Island) in the eastern Torres Strait. The term 'Aketi Meb' stems from the Miriam Mir language, where it signifies the new moon or thin crescent. This name reflects the ancestral wisdom of the Meriam people, honouring the cycles of nature and the significance of new beginnings. It embodies the consultancy's ethos of guiding clients through transformative phases, harnessing opportunities for growth and renewal. Our ACN is 675 893 562 and our ABN is 31 675 893 562.

I look forward to bringing my extensive experience to your projects, helping to achieve positive and impactful outcomes for all stakeholders involved.

Regards,

**Adam C. Lees**  
Director
